

## **2021-2022 Other Refereed Publications / Autres contributions avec comité de lecture**

Deslauriers, C., Allard, M., Roy-Léveillé, P. 2021. Ground temperature responses to climatic trends in a range of surficial deposits near Kangiqsualujjuaq, Nunavik. In: Cold regions engineering 2021 : proceedings of the 19th International Conference on Cold Regions Engineering and the 8th Canadian Permafrost Conference, Virtual, 14-29 October 2021 / Edited by J. Zufelt, - Reston, Virginia : American Society of Civil Engineers, 2021, p. 27-37. doi:10.1061/9780784483589.003.

Freitas, P., Vieira, G., Mora, C., Canário, J., Folhas, D., Vincent, W.F. 2021. Ultra-high resolution assessment of potential impacts of vegetation shadows on satellite-derived spectral signals from small thermokarst lakes in the boreal forest-tundra transition zone (subarctic Canada). EGU General Assembly 2021, 19-30 April 2021, EGU21-15405, 2021, 1 p.. doi:10.5194/egusphere-egu21-15405.

Kirkwood, A.H., Roy-Léveillé, P., Branfireun, B.A., Basiliko, N. 2021. Mercury, methylmercury, and microbial communities in a degrading palsa of the Hudson Bay lowlands, far North Ontario. In: Cold regions engineering 2021 : proceedings of the 19th International Conference on Cold Regions Engineering and the 8th Canadian Permafrost Conference, Virtual, 14-29 October 2021 / Edited by J. Zufelt, - Reston, Virginia : American Society of Civil Engineers, 2021, p. 49-59. 10.1061/9780784483589.005.

Schiff, R., Møller, H. 2021. Health and health care in Northern Canada. Toronto : University of Toronto Press, 2021. 450 p. : ill., maps ; 15 × 23 cm. ISBN: 978-1487521790
